INTRODUCTION AND GENERAL INDEX

H. A. MANNING CO., publishers of Directories for over 300 Communities, presents to subscribers and the general public, the latest edition of the City Directory.

The City Directory is a mirror truly reflecting the community to the world. It instills in the user confidence in the continued growth of industry and wealth of the community and pride in its civic and social advancement.

MANNING'S staff of experienced personnel and the courteous and hearty cooperation of business and professional men and residents has firmly established our reputation as publishers of the very best in directory service. This source reference of authentic information about your community and its residents will become an indispensable part of your library.

FOUR MAJOR DEPARTMENTS

The four major departments are arranged in the following order: —

I. THE DESCRIPTIVE SECTION is the first major department printed on white paper: information about statistical review, historical sketch, manufacturing, trade and civic surveys, deluxe advertising displays, and indexes.

II. THE YELLOW PAGES constitute the second major department of the Directory. This embraces the **only complete list** of the names and addresses of the business and professional concerns of the city, arranged in alphabetical order under appropriate headings — a catalog of all the activities of the city. Preceding the catalog, likewise grouped under appropriate headings, are the advertisements and business cards of firms and individuals desiring to present a more complete list of their products or services than is possible in the catalog itself. The Yellow Pages represent reference advertising at its best, and merit the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified community the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller and plays an important role in the daily activities of the commercial, industrial and professional world.

III. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the third major department printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident, and the name, official personnel, nature and address of each firm, corporation and organization in the city.

IV. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, on pink paper, is the fourth major department. In this section the streets are arranged in alphabetical order: the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. **Special features of this section are the designation of tenant-owned homes, the indication of telephone subscribers at homes and places of business, and the phone number if available.**

COMMUNITY PUBLICITY — The Directory reflects the achievements and ambitions of the city, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium and community service.

PUBLISHERS' NOTE — The information in this Directory is gathered by an actual canvass and is compiled in a way to insure maximum accuracy.

The publishers cannot and do not guarantee the correctness of all information furnished them nor the complete absence of errors or omissions, hence no responsibility for same can be, or is assumed.

The publishers earnestly request that any inaccuracy be brought to their attention so that it may be corrected in the next edition of the Directory.

"The Marble City"

RUTLAND COUNTY

The photo on the cover gives some idea of how attractive the Greater Rutland area is for homes, businesses and industries to locate and expand. For healthful and attractive location it is doubtful if any section can offer more than Greater Rutland. Highways in seven directions. North- South Airline Service. The purest of mountain brook water feeding its reservoirs.

The distance across the valley at Rutland is some 20 miles east and west; north and south is unlimited. Nearby in all directions lies particularly pleasing sports and playgrounds with lakes, mountains and valleys. Winter and summer sports have become a substantial industry. New industries are coming to Rutland. Major consumer markets are in this section of the county. A spirit of welcome always prevails.

LOCATION - Rutland, known as "The Marble City," is located midway of the State north and south, It is about 15 miles from the western boundary and has many of the characteristics of the great neighboring State of New York. Distances as follows to important eastern points: New York City 250 miles, Boston 167, Montreal 158, Philadelphia 325, Baltimore 420, Burlington 68, Montpelier 66, Bellows Falls 51, Glens Falls 50, Bennington 57, North Adams 77, Ogdensburg 210, St. Johnsbury 106, Brattleboro 77, Schenectady 92, Buffalo 359, Chicago 909, Elmira 286, Troy 86, Albany 98.

TOPOGRAPHY - Probably no important city in New England has so grand a setting as Rutland. The city lies among picturesque lakes and streams, the encircling mountains are near, yet far enough away to give plenty of building room, and the broad valley running north and south for many miles is one of the beauty spots of America. Noted mountain peaks of the Green Mountain and Taconic ranges can be seen from high parts of the city. The highest peak visible is Mt. Killington, over 4,241 feet. City is 561 feet above sea level. Rutland County contains an area of 594,560 acres, water area of 46,725 acres. Rutland Aiport 780 feet above sea level.

HISTORICAL - The history of Rutland vies with any city in the land of interest. It was settled in 1761, and by 1774 there were 35 families. In common with all frontier settlements it suffered from the depredations of the Indians, and also from the Colonial and Indian Wars. Probably named after Rutland, Massachusetts, because the first

grantee of the charter of township was a John Murray from that town. Incorporated a city in 1892.

RECREATIONAL - Rutland is happily situated for the health and pleasure of its citizens and visitors in their leisure hours, and Rutland is in the midst of an outdoor country of great appeal. It is located in a broad valley, and looking to the east is the incomparably beautiful Green Mountain range, with its Killington, Shrewsbury and Pico Peaks forming a most fascinating skyline. To the west are more unusually beautiful mountains, Birdseye Mountain and the northern end of the Taconic Range forming the western wall of a very attractive valley running into Massachusetts and the Berkshires and to the north a broad valley reaching into the Champlain Valley. From any high point in the city of Rutland can be seen Taconic range mountain peaks to the southwest, which separates Vermont from New York state.

It is probable that no place exists in northeastern United States with more natural advantages for outdoor sports and recreation. In summer the atmosphere is buoyant and healthful and lends to physical activities, whether on the golf course, tennis courts, swimming pools or parks. Mountain climbing within a few miles of city. The trail to Mt. Killington, over 4,200 ft. in height, is a notable mountain climbing adventure. For lesser climbs there are Shrewsbury 3,700 ft. and Pico 4,000 ft., and trails in the Green and Birdseye Mountains. Lake Bomoseen at a distance of 12 miles is of crystal clear water, some 10 miles long. Lake Dunmore, 26 miles north of the city, on U.S. Route 7, is also a Rutland recreational attraction for camping, boating and bathing, with several other lakes nearby.

The proximity of the "Long Trail" passes within 10 miles of Rutland doubling along the ridge of the Green Mountains, and crossing following highways: 11 east of Manchester Center, 103 east of Wallingford, U. S. 4 east of Rutland, and 115 east of Brandon, also an unimproved highway east of East Clarendon at Cold River. This trail skirts the peaks of Killington and Pico. This is one of the most famous trails in eastern North America, and is popular. Rutland is one of the supply points on this trail.

Six of Vermont's finest ski areas surround Rutland. Pico Peak has long been a favorite of ski enthusiasts and the Killington Basin Ski Area now undergoing a large expansion program, including the longest gondola ride (3 ½ miles) in the nation. Okemo, Round Top, High Pond, and Apple Hill draw thousands of skiers from all parts of the East, satisfying every ski enthusiast from novice to expert.

EATING AND LODGING FACILITIES - There are over 126 lodging facilities in the Rutland Region, with accommodations for over 5,200 people. These facilities include hotels, motels, mountain lodges and guest homes. Many fine restaurants are located in the area, with meetiing and banquet facilities available.

FINANCIAL - Rutland has six banks and a federal savings and loan association. There are four commercial banks and two savings banks. The total resources of the six banks and savings association covered by the directory are $839,644,377.

Rutland Directory 1976

EDUCATION - There are 8 public elementary schools, one high school and a junior high school with enrollment of 4,123, with a new $2,700,000 Vocational-Technical school. The Parochial School System includes one elementary and one high school with enrollment of 927. The recently expanded public Library has over 80,504 volumes. Directory Library has 371 volumes covering 475 cities and towns at the Chamber of Commerce and maintained by H. A. Manning Company.

INDUSTRIAL - Rutland is a leading community. There are 98 plants making hundreds of products valued at over $40,000,000. A number of nationally known firms are included in Rutland's manufacturing family: General Electric Co., Howe Richardson Scale Company, Rutland Fire Clay, Tuttle Law Print, Tampax Inc., Moore Business Forms Inc., Metro-Mail Adv. Recreational Rutland

JOHN W. CIOFFREDI, Supt. — Office at
Edward W. Lawrence Recreational Center, 86 Center St.

In promoting a greater and better city it has been the aim of the planners of future Rutland to give full emphasis to the pleasure and health aims for our citizens. Foremost on this plan is the Municipal Recreation Department which offers a year-round recreation program for all ages interests and abilities. Other natural recreation facilities include hiking, mountain climbing, trail tramping, snowshoeing, skiing, camping, picnicking, and just pure relaxation in the buoyant, healthful atmosphere of Rutland County.

The Municipal Recreation Department of Rutland has a large recreation center, five playgrounds, 1 mini park, 8 tennis courts, two swimming pools, 2 softball fields (1 illuminated for night games), 1 midget league field, 2 outdoor basketball courts, two ice skating rinks, one ski tow, and a day camp program. The program if the Recreation Department is a year-round schedule of physical, artistic, aesthetic and educational activities of all age groups, temperaments and interests, including well known summer band concerts and Rock concerts. The Recreation and Parks Department also sponsors a Senior Citizens Center for all the city's senior citizens.

Rutland County also offers excellent bass, trout and pike fishing in its many lakes and mountain streams. A record number of deer were taken during open season in the county woods. Foxes, rabbits, and bears are also plentiful.

Rutland offers great potential for winter sports with two of Vermont's finest ski areas within 15 miles of the downtown section.

EDWARD W. LAWRENCE RECREATION CENTER

Competitive sports of our High Schools with those of other cities and towns in Vermont and neighboring states have long been outstanding. Baseball, Football, Basketball, Tennis are part of the regular school schedule of athletics.

Rutland has received recognition from its excellent junior ski program. Junior skiers from Rutland walked off with national honors and continually place among the top competitors in the eastern United States.

It is coming increasingly into the picture of Recreational Rutland that this is a very healthful climate and sports are a part of that climate.

Do you cash checks?

For cashing a stranger's check, the police department of Tacoma has given sensible rules. The home address should appear on the check and BE VERIFIED BY THE CITY DIRECTORY; this and the name should be checked with the driver's license of the man trying to cash the check; also against his bank book. Signatures should be compared. A LOT OF QUESTIONS AS TO THE MAN'S NAME, HIS WIFE'S NAME, WHERE HE WORKS, WHO ARE HIS NEIGHBORS, ALL HELP and can be verified in the City Directory. If he admits being from out of town, his check is a risk. F.F.I.—For Further Information Use the City Directory!!

Put your FAITH to work every day

There really never was a time when "once-a-week" religion was enough.

But today, in our swiftly moving world, the need is greater than ever to put your Faith to work—*all the time.*

Think of today's dismaying headlines. Then think of the many ways the world can be made better.

"But I'm only one person," you say.

Yes, But your church or synagogue can become, *with your help,* a rallying point for change. By joining others who live their Faith, you are no longer alone in your beliefs.

Worship this week—and put your Faith to work all week long.

Gentlemen:

In our physical therapy office we find the Manning Directory of much help in preparing bills for mailing to patients or to their insurance carriers. It supplies or verifies needed information such as house numbers, zip codes, correct spelling of names, middle initials, and employers' addresses.

It is a unique volume of information about our community and its people, and it definitely makes our work easier.

Very truly yours,

A SENIOR CITIZEN

You are a senior citizen if you remember:
When the village square was a place, not a person;
When wonder drugs were mustard plasters and castor oil;
When rockets were part of a fireworks celebration;
When folks sat down at dinner and counted their blessings, not their calories;
When, in courting your girl, you turned out the gas instead of stepping on it;
When a bureau was a piece of furniture, not a government office;
When a dishwasher had to L arried, not bought.

Lack of advertising... beneficial to some!

When Mark Twain was a young man, he was editor and publisher of a growing newspaper in a small Missouri town. One day he received a letter from one of his subscribers. The subscriber said that he had found a spider in that morning's edition of his paper. He wanted to know if this was an omen of good luck, or of bad luck. Mark Twain, a hustling space salesman as well as an editor, wrote to his customer:

Dear Sir:

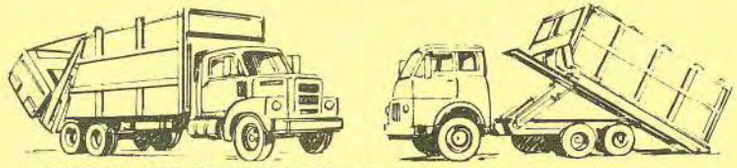

Finding the spider in your newspaper yesterday morning was neither good luck or bad luck for you. The spider was merely looking over our paper to see which of the town's merchants is not advertising. He will then go to that store, spin his web across the door, and lead a life of undisturbed peace ever afterward.

Out of every **100** People as listed in the last Directory

16% to **18%** Move away or die

(All that's left that's good)

26% to **29%** More change their addresses or their jobs or some other vital fact that affects their listing.

Making a total of **59%** to **66%** of the People listed who have new information in some particular which can be surely found only in the **NEW DIRECTORY**

Note: These figures are from repeated checks in numerous cities and do not vary 5% in any one year.

THAT IS WHY NEW DIRECTORIES MUST BE PUBLISHED EVERY YEAR.

(West Rutland—see separate directory section)

TO FIND A NAME YOU MUST KNOW HOW TO SPELL IT

There are many ways of spelling some names with practically the same pronunciation

When the name of a corporation, factory or firm appears immediately after the name, it indicates the place of business. After the name of a street, the word "Street" is omitted.

The post office address is given only when the same does not correspond with the name of the town.

Information received too late to be included will be found on the last page of the alphabetical section.

When "res inq do (residence inquire ditto)" appears in a personal listing, it indicates--for home address inquire at business address as listed, due to personal request or incomplete information.

When "h do (home ditto)" appears in a personal listing, it indicates business and home address are the same.

CHANGE OR NEW INFORMATION "CODE". New service initiated in 1975. When the number 75 appears after a listing it indicates that it is a new listing or some significant data has changed on the individual or firm. The year that the change occurred is shown as 75 indicating 1975.

Rutland Numerical Street Directory

Householder, Telephone & Property Owner List 1976

Copyright 1976, by H. A. Manning Co.

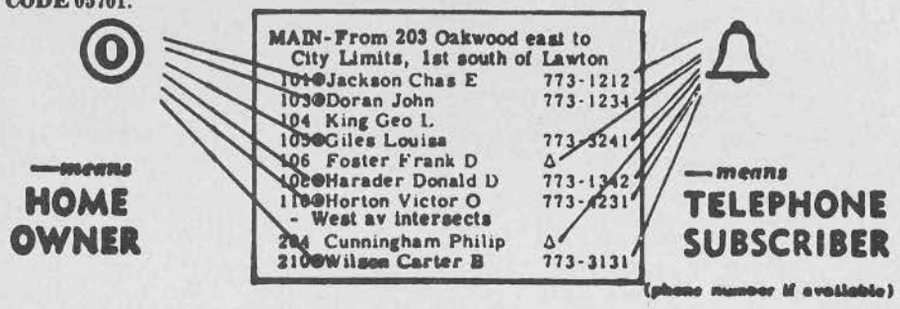

CONTAINING A FULL LIST OF STREETS AND ROADS
WITH DESCRIPTION OF LOCATION, INTERSECTING STREETS
AND THE DWELLINGS AND STORES LOCATED THEREON.

Residences and places of business are designated by their street numbers numerically arranged. Where the houses are not numbered, the householders are arranged in the order that they appear on the street. (L) and (R) indicate houses on left or right side of street. (m-h) after name indicates mobile home. Figures or letters in parentheses following names indicate number of room or floor in building.

The symbol 🔔 denotes householders and places of business reporting telephones where no phone numbers were obtainable. The phone numbers listed after the occupant's name are those given to our enumerators as applying to the address. We advise users to verify the phone number by referring to a regular and recent edition of the phone book as issued by the telephone company.

The publishers cannot assume any responsibility if unlisted phone numbers are given us at the phone address and listed herein. The symbol ◎ indicates that information has been secured that the house is owned by some member of the family. The publishers cannot and do not guarantee the correctness of the information furnished, nor the complete absence of mistakes. No responsibility for errors can be or is assumed, nor can the publishers furnish further information than that shown.

"No Report" indicates that enumerator was unable to get complete information at the address by personal call, telephone or mail. After the name of a street the word "street" is omitted. For complete list of abbreviations see first page of alphabetical **section. Area Code 802. Telephone Exchange 773 or 775 unless otherwise indicated. ZIP CODE 05701.**

VERMARCO®

Vermont Marble COMPANY

(802) 459-3311 Proctor, Vt. 05765

The Vermont Marble Company, a major world supplier of marble and related products is a quarrier, fabricator, importer and installer serving the entire United States.

Although best known as a supplier of fine marble for building and memorial uses, the company also processes raw marble (calcium carbonate) for many other lesser known uses. These include crushed marble for agricultural lime, roof chips, landscape chips, terrazzo aggregate and extenders and fillers for paints, plastics, rubber goods and hundreds of other uses. The Vermarco Ground Products Division and an affiliate company, The White Pigment Corporation, are active in these fields.

Other non-marble divisions include Callahan Arms, which manufactures can making machinery for a world wide market; the power division which supplies electrical energy for the Otter Valley region, and the Vermarco Supply Company which provides stone working supplies and equipment to the stone industry.

The company operates a Marble Exhibit open daily 9 to 6 late May through mid-October.

TO FIND A NAME YOU MUST KNOW HOW TO SPELL IT

There are many ways of spelling some names with practically the same pronunciation

When the name of a corporation, factory or firm appears immediately after the name it indicates the place of business. After the name of a street, the word "Street" is omitted.

The post office address is given only when the same does not correspond with the name of the town.

Information received too late to be included will be found on the last page of the alphabetical section.

When "res inq do (residence inquire ditto)" appears in a personal listing, it indicates--for home address inquire at business address as listed, due to personal request or incomplete information.

When "h do (home ditto)" appears in a personal listing, it indicates business and home address are the same.

CHANGE OR NEW INFORMATION "CODE". New Service initiated in 1975. When the number 75 appears after a listing it indicates that it is a new listing or some significant data has changed on the individual or firm. The year that the change occurred is shown as 75 indicating 1975.

Proctor Numerical Street Directory

Householder, Telephone & Property Owner List 1976

Copyright 1976, by H. A. Manning Co.

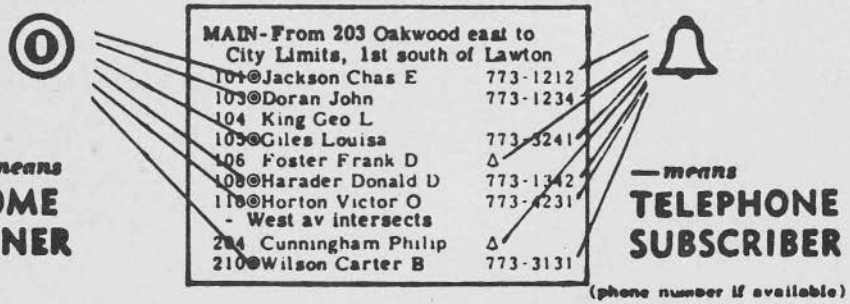

CONTAINING A FULL LIST OF STREETS AND ROADS WITH DESCRIPTION OF LOCATION, INTERSECTING STREETS AND THE DWELLINGS AND STORES LOCATED THEREON.

Residences and places of business are designated by their street numbers numerically arranged. Where the houses are not numbered, the householders are arranged in the order that they appear on the street. (L) and (R) indicate houses on left or right side of street. (m-h) after name indicates mobile home. Figures or letters in parentheses following names indicate number of room or floor in building.

The symbol 🔔 denotes householders and places of business reporting telephones where no phone numbers were obtainable. The phone numbers listed after the occupant's name are those given to our enumerators as applying to the address. We advise users to verify the phone number by referring to a regular and recent edition of the phone book as issued by the telephone company.

The publishers cannot assume any responsibility if unlisted phone numbers are given us at the phone address and listed herein. The symbol ◎ indicates that information has been secured that the house is owned by some member of the family. The publishers cannot and do not guarantee the correctness of the information furnished, nor the complete absence of mistakes. No responsibility for errors can be or is assumed, nor can the publishers furnish further information than that shown.

"No Report" indicates that enumerator was unable to get complete information at the address by personal call, telephone or mail. After the name of a street the word "street" is omitted. For complete list of abbreviations see first page of alphabetical section. **Area Code 802. Telephone Exchange 459 unless otherwise indicated. ZIP CODE 05765.**

TO FIND A NAME YOU MUST KNOW HOW TO SPELL IT

There are many ways of spelling some names with practically the same pronunciation

When the name of a corporation, factory or firm appears immediately after the name, it indicates the place of business. After the name of a street, the word "Street" is omitted.

The post office address is given only when the same does not correspond with the name of the town.

Information received too late to be included will be found on the last page of the alphabetical section.

When "res inq do (residence inquire ditto)" appears in a personal listing, it indicates--for home address inquire at business address as listed, due to personal request or incomplete information.

When "h do (home ditto)" appears in a personal listing, it indicates business and home address are the same.

CHANGE OR NEW INFORMATION "CODE". New service initiated in 1975. When the number 75 appears after a listing it indicates that it is a new listing or some significant data has changed on the individual or firm. The year that the change occurred is shown as 75 indicating 1975.

West Rutland Numerical Street Directory

Householder, Telephone & Property Owner List 1976

Copyright 1976, by H. A. Manning Co.

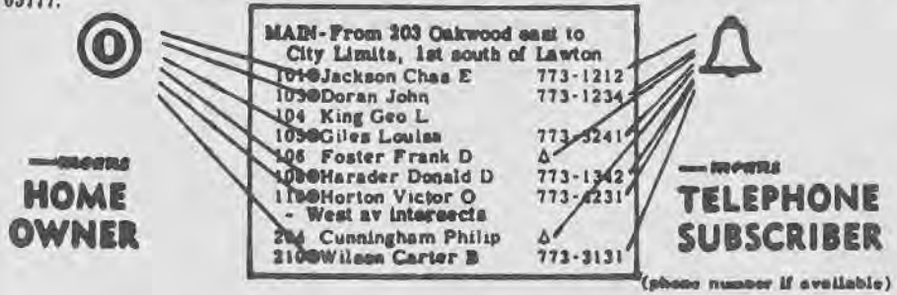

CONTAINING A FULL LIST OF STREETS AND ROADS WITH DESCRIPTION OF LOCATION, INTERSECTING STREETS AND THE DWELLINGS AND STORES LOCATED THEREON.

Residences and places of business are designated by their street numbers numerically arranged. Where the houses are not numbered, the householders are arranged in the order that they appear on the street. (L) and (R) indicate houses on left or right side of street. (m-h) after name indicates mobile home. Figures or letters in parentheses following names indicate number of room or floor in building.

The symbol △ denotes householders and places of business reporting telephones where no phone numbers were obtainable. The phone numbers listed after the occupant's name are those given to our enumerators as applying to the address. We advise users to verify the phone number by referring to a regular and recent edition of the phone book as issued by the telephone company.

The publishers cannot assume any responsibility if unlisted phone numbers are given us at the phone address and listed herein. The symbol ◎ indicates that information has been secured that the house is owned by some member of the family. The publishers cannot and do not guarantee the correctness of the information furnished, nor the complete absence of mistakes. No responsibility for errors can be or is assumed, nor can the publishers furnish further information than that shown.

"No Report" indicates that enumerator was unable to get complete information at the address by personal call, telephone or mail. After the name of a street the word "street" is omitted. For complete list of abbreviations see first page of alphabetical section. Area Code 802. Telephone Exchange 438 unless otherwise indicated. ZIP CODE 05777.
